Item	Title	Detail
1	Meetings attended	At 10:00 am, I met with Mazen Wahbeh and Keith Devonport to discuss the revised OBG fabrication procedures. There were issues with intersecting welds in the floorbeam web and the use of assembly control lines that we thought needed further discussion with the Contractor. However, we felt that the procedures could be Approved As Noted for bottom and side plate fabrication.
2	Logistics	Mazen Wahbeh and I were able to set up a business account with Staples in Shanghai in order to have office supplies delivered. The account is in my name, and the business address is the Marriott Executive Apartments. We ordered various supplies that are to be delivered to the hotel on Monday. Payment is to be cash on delivery. If this process works, we will use the account to order large equipment (i.e. scanner copier and server) and have it delivered to ZPMC.
